Virtua Voorhees Hospital

The Voorhees Hospital provides a fresh approach to health care – every aspect of the 368-bed, state-of-the-art hospital was designed with the patient in mind. From the use of light and space to the inclusion of healing gardens and meditation spaces, Virtua built this hospital with a focus on the comfort and well-being of patients and their families.

In addition, the hospital provides advanced medical services and sophisticated technologies. These features combined with the expertise and compassion of our doctors, nurses and support staff give patients a five-star experience.

Virtua Voorhees Health and Wellness Center

Healthcare is more than helping the sick or injured get better; it's also about prevention and wellness and keeping people out of the hospital.

The 300,000 square-foot Health and Wellness Center next to the hospital provides a variety of services to help people get well and stay well. The community will have access to the region's top physicians as well as key services such as the Virtua Joint Replacement Institute, Virtua Fox Chase Cancer Program, CHOP at Virtua pediatric services and Summit Surgical Center.

With the hospital and the Health and Wellness Center in one location, patients have easy access to the full-spectrum of healthcare services.
