WHAT YOU
CAN DO**

**WHEN YOUR
BODY DOESN'T
TELL YOU WHAT
IT CAN'T DO.**

Sports Medicine at Virtua. The Science of Motion.

When every bone, muscle, tendon and ligament are working in perfect harmony, the human body can do remarkable things. So whether you're doing laps in the pool, or picking up a newspaper from the end of your driveway, you can do what you want to do--without pain. Which is why the doctors, surgeons and rehabilitation specialists at Virtua work together to preserve and restore mobility.
