Campus Guide

VIRTUA VORHEES

WELCOME TO VIRTUA VOORHEES

This guide is designed to help you find the services you need on Virtua's new Voorhees campus.

You may enter the hospital from one of three entrances – Main (A), Women & Children's (B), and Obstetrics (C). These handicap-accessible entrances enable you to park and enter the hospital closest to your destination. All parking is free.

For adult and children's emergencies, there are distinct entrances to the emergency room as noted on the map.

Designed for the future of health care

Virtua Voorhees provides a fresh approach to health care – one that incorporates a patient's point of view. This hospital was designed to make it easier for you to access the healthcare services you need.

Virtua Voorhees provides advanced medical services and sophisticated technologies, delivered by outstanding specialists in a comfortable setting.

Our goal is to deliver a five-star patient experience. This new campus is a tangible example of our dedication to exceeding your expectations in the delivery of healthcare services.

More to come

An ambulatory care center (ACC) is under construction adjacent to the new hospital. The ACC will provide comprehensive outpatient services in a 300,000-square-foot building scheduled to open in Spring 2012.

The hospital and ACC will provide patients with access to a full spectrum of medical services.

For any additional assistance or information, call (856) 247-3000
