

Welcome to Virtua,

You will be reporting to Virtua for your next rotation. Please complete the attached (student requirement) paperwork which must be completed in total before your rotation begins. Please check with your Clerkship Coordinator to be sure all of your paperwork is in order.

The following checklist summarizes all the documents you will need to submit before your rotation can begin. These requirements, explained in the Student Application, are summarized below for your convenience. Some of these documents may take a bit of time to gather, so please begin this process as soon as possible. **Please submit these documents one week prior to the start of your rotation to avoid any delay in the start of your rotation.**

Student:

- **PPD** (*provide attachment/must be within past year*)

Date

Please return to: Graduate Medical Education
Tatem-Brown
Attn: Barbara Thompson
2225 Evesham Road, Suite 101
Voorhees, NJ 08043

Telephone: 856-325-3718 Fax Number: 856-325-3705 email: bthompson@virtua.org

Computer Access Instructions:

Step 1. You will receive an email from our IS department to fill out our confidentiality form only **AFTER** you have submitted your application and required documents. Please fill this form out ASAP. This is the first step out of three.

Step 2. After completing Step 1 you will receive a username and password from Virtua's IS department in **3-5 business days**. This will allow you to complete the Virtua EPIC training through Virtua's Learning System (VLS).

Step 3. Log into VLS with your username and password that security sent you. From there you will complete the following training course except your screen will display Requestor not Open Curriculum Player: If you are a Medical Student please complete the training listed below.

Training Details

You are already registered for this training.

CURR- Ambulatory Nurse Practitioner Student, Physician Assistant Student, and Medical Student Epic Training
Curriculum · Virtua Health · 50 minutes

[Open Curriculum Player](#)

AUDIENCE: Ambulatory Nurse Practitioner, Physician Assistant, and Medical Students

This course will provide the ambulatory Nurse Practitioner, Physician Assistant, and Medical Students with the knowledge and skills required to navigate and document within the new Electronic Medical Record. Being prepared for your training is crucial; please view the E-Learnings and once completed notify your coordinator at Virtua.

Course contact: Samantha Schaffer Ext. 54430

Step 4. You must do the **Recognizing and Responding to Human Trafficking in a Healthcare Context web-based training and Drug Diversion**, which are accessible through the Virtua Learning System (VLS).

Once you have completed the required training, you will receive a certificate. **Please send that certificate to bthompson@virtua.org**. After the trainings are complete, it could take **48-72 hours** to be able to log into EPIC and use the system with the username and password provided to you.

It could take **7-10 business days** to generate an account for new users. Your promptness is appreciated in this process and vital to having your access at the start of your rotation; delay in completing any of the steps will delay your computer access and possibly limit your abilities during your rotation.

If you experience any log in troubles or any other issues that pertain to your access, please contact security at 856-355-1234.

On a final note, if you have not submitted all of your required documents within 1 week of the start of your rotation you risk your account being suspended and your coordinator and preceptor will be notified of your delinquency, please make sure you submit **ALL** documents listed in the application were submitted and received.

If at any time, you need assistance or have questions, feel free to either reach out to me through email at bthompson@virtua.org or phone the Graduate Medical Education office at 856-325-3737.

Human Trafficking:

Human trafficking is a form of modern slavery that occurs in every state, including ours. New Jersey, centrally located between the northern portion of the East Coast and the tristate metropolitan region of Philadelphia, Baltimore, and Washington, D.C., is easily accessible by car, bus, truck, van, train, boat, and plane. According to the NJ Office of the Attorney General Division of Criminal Justice”, New Jersey has the potential to be one of the country’s major entry, transit, and destination states for trafficking.

Healthcare facilities and providers may encounter victims of human trafficking and have a unique opportunity to connect them with much needed support and services. Anyone in a healthcare setting may be in a position to recognize human trafficking – from clerical staff to lab technicians, nursing staff, ambulatory care, radiology staff, security personnel, case managers, and physicians.**

New regulations implementing the Human Trafficking Prevention, Protection, and Treatment Act, N.J.S.A. 2C:13-12, require all healthcare workers and volunteers in New Jersey who have contact with patients – regardless if the contact is clinical or non-clinical – to complete training in recognizing and intervening in cases of human trafficking. N.J.A.C. 8:43E-14.1 (2017).

On February 16, a mandatory Web-based Training (WBT) ***Recognizing and Responding to Human Trafficking in a Healthcare Context*** was released to all employees. It is required that **all individuals entering a Virtua site**, (regardless of work location, position, etc.), as well as all persons, paid and unpaid, who interact with or have the potential to interact with patients and visitors at Virtua patient care facilities complete this 40-minute training. Medical Students must pass the course assessment with a minimum of 80%, no later than the 1st day of the start of the rotation.

Recognizing and Responding to Human Trafficking in a Healthcare Context is accessible to all individuals through the Virtua Learning System (VLS).

- The My Transcript section of the VLS as your training will be auto-loaded.
- A record indicating course completion automatically post to the individual’s Career worklet in WorkDay under Training (Virtua Works/Your Profile/Career/Training).
- A certificate of completion can be printed at any time through the VLS and must be submitted to Barb Thompson in the GME department bthompson@virtua.org
