

Personal Health Record – Sign-up Code Request Form

Virtua offers a secure online Personal Health Record (PHR) for the convenience of patients, age 18 or older, to obtain specific information from care provided by Virtua. This information may include labs, medication allergies, problem(s), procedure(s), medication list, visit date, visit summary or discharge instructions. Information is released to your PHR as it becomes available; updates are also released based on the data in your Electronic Medical Record (EMR). You will continue to receive information from future visits as it becomes available. If additional personal health information is needed that is not available electronically, please contact your Virtua Medical Group physician practice, or the Virtua Hospital Health Information Management (HIM) department of your last visit. Virtua does not use the PHR to release records to third parties.

Please complete the entire form:

First Name:	Middle Initial:	Last Name:
Telephone Number:	Date of Birth:	Last Four Digits of Social Security Number:
