All communications between you and your Virtua health care team using MyChart are securely connected directly into your Virtua electronic medical record. While you may receive e-mail messages notifying you of new messages in your MyChart inbox, you will need to log directly into MyChart to view your/your child’s medical information.

Direct Messages sent via MyChart should never be of an urgent nature and are not to be used as a substitute for seeking care at your physician office or, in an emergency calling 911. When using the Direct Message function, you may not transmit or facilitate distribution of content that is harmful, abusive, racially or ethnically offensive, vulgar, or in a reasonable person’s view, objectionable or disrupt the flow of communication with your physician’s practice with vulgar language, frequent messages or other forms of abusiveness.
