

Quality of care and patient safety are of utmost importance to us at Virtua Health. If you have a concern about a quality or safety issue, please contact Administration so that we may address the issue promptly.

- Dial “0” to be connected to Administration from within the building, or 856-355-6000 from outside the facility and ask for a Patient Representative.
- You may also contact the New Jersey Department of Health or The Joint Commission if you feel a safety issue has not been adequately addressed.
